CHIEF SCORER

Kevin Middleton

CHIEF RANGE OFFICER

Peter Davis

Club Rules

Shooting at the range

- Whilst on the club premises, you must wear your membership card or a club visitor card. This is mandatory.
- Club members are required to turn off lights, compressors, timer boxes, targets changers or other equipment when they finish shooting and leave the range.
- Targets should be removed from the firing lines & thrown in the bins. Brass should be swept up & put in the appropriate receptacles & any other rubbish you have brought into the range placed in the rubbish bins or recycling bins.
- Smoking is not permitted inside any of the ranges, the club house or committee and storage rooms.
- Range doors should be closed while shooting is in progress.

Safety

- Always check (prove) that a firearm is unloaded before you handle it.
- When un-cased always keep the gun pointing down-range.
- NEVER handle a firearm (loaded or unloaded) when someone is down-range – **no exceptions**.
- All firearms must be cased or covered before leaving a range. Club rules require you bring your case to the bench and not take the gun to the case.
- Don't leave firearms unattended on the range, or in the club house. Make sure your car is locked and guns and ammunition are secure.
- A loaded firearm must NEVER be taken forward of the designated firing line, or back out of the shooting bay – unload and make the gun safe first.
- Safety glasses must be worn by everyone on the range (spectators, shooters and range staff) for black powder events and whilst shooting from the 25yard line or shorter distances on the safety range. Safety glasses are highly recommended at all times on the ranges.

Safety (cont.)

- Ear protection should be worn whenever shooting is in progress. Ear muffs may be purchased through the club canteen and whilst club ear muffs are available, we recommend every member purchase their own set.

Visitors

- All non-members who visit the range must sign-in on the visitors register in the club-house. This is important and is a condition of the clubs operation.
- You may bring a guest to the range to try the sport. They must register, wear a visitors ID card and be supervised at all times by a licensed (not provisional) shooter.
- A member can bring a (shooting) visitor to the club up to four times, however beyond that “reasonable use” applies and visitors must join the club or stop using the facilities.
- If a member of another club or a visitor comes to our range for a shooting session or training, the range visitor fee (currently \$25.00) is payable at the canteen at normal club opening times, or collected by the supervising member at other times and given the canteen at the next opportunity.

Personal Details

- The club secretary must have the details of your firearm licence(s) and their expiry date. You must also supply the club with the details of firearms you use in any competition you enter at the club. This must include the Police Reference Number (PRN) of your registered firearms.
- The club must always have your current residential address and contact details.
- The club must know if you are a member of any other club and if so, which club is your “primary” club. Note that for pistol shooters, it is your primary club that maintains your attendance records to satisfy your licence requirements.

Range Specific Rules

10m Air Range

- .177 Calibre air rifles & air pistols only.
- If shooting alone or in small groups turn on only the lights you need.
- Turn off lights when you are finished

25m Range

- 10m pistol and 20m rifle stands are available on some sections.
- No magnum loads. No jacketed projectiles. Only handguns & .22 LR calibre rifles permitted.
- No rifle only calibres or single shot handguns using rifle calibres to be used. The range has not been constructed or approved to withstand rifle projectiles.
- Shooting only allowed from the 25m firing line.

50m Electronic Range

- .22LR rounds only (pistol or rifle).
- Ask for assistance if you have never used these targets. There may also be a fee for using these targets.
- Shooting only allowed from the 50m firing line.

50m Paper Range

- .22LR rounds (pistol or rifle)
- Black powder

50m Safety Range

- On this range the target position is fixed but shooters move to different distances as required for the match.
- Magnum and jacketed handgun rounds are allowed. Only handgun & .22 LR rifle calibres allowed. No rifle only calibres or single shot handguns using rifle calibres to be used. The range has not been constructed or approved to withstand rifle projectiles.
- Notes: You must shoot only from the designated positions.
- All shooters must shoot from the same distance at the same time.
- Prone, sitting and kneeling positions must be shot from the shooting benches and not the ground to keep within the Police approved projectile flight zone.
